- There is no wing space stage left
- The stage is flat, without rake and sprung for dance
- No drilling or screwing into the floor is permitted under any circumstances
- The use of rosin is not permitted on any Sadler's Wells dance floors
- SL to SR crossover is achieved via an external corridor accessed via the SR wing and a door on-stage USL
- Stage is covered with black Harlequin dance floor as standard (4 x strips of 2m width)
- Control room and grid access is via ladder only and restricted to Sadler's Wells staff and authorised personnel
- Audience seating bank (Rows A-G) is present as standard, this can be retracted, leaving further floor space between the staircases
- Seats 5-12 in Row H are removable in pairs for technical use or additional wheelchair accommodation
- Row H is wheelchair accessible
- Stage level is wheelchair accessible via a lift from Stage Door
- There is level access from stage level to Dressing Rooms 1 & 2 and an accessible W.C. and shower (Dressing Room 3 does not have level access)
